Illustrative example based on a Certified Pre-Owned (CPO) vehicle that has been in-service for two (2) years and has 20,000 miles on the odometer. The CPO Wrap coverage term is measured from the vehicle's in-service date and zero miles on the odometer. Your CPO Wrap coverage may vary based on your vehicle's in-service date and mileage at the time of purchase. CPO coverage runs concurrently with any applicable manufacturer's warranties.

A CPO Wrap makes unexpected repairs less expensive

- **Pay nothing for covered repairs** other than the deductible you select at the time of product purchase
- **Monthly payment option** when you include the product price with your auto financing

1. CPO Wrap coverage runs concurrently with the period of coverage of the Hyundai CPO limited powertrain warranty, which is (i) 10 years from the vehicle's in-service date or (ii) 100,000 miles from the odometer mile zero, whichever comes first. See your participating Hyundai dealer for actual warranty coverages and limitations.
